

INSTRUCTIONS FOR NO. 1214 CLEANING TOOL For Polishing Pads & Bonnets—Cleans, Fluffs & Vitalizes

Quick and easy to use.

Do not stop the Polisher.

Press lightly and run the Cleaning Tool back and forth over the spinning pad; a couple of strokes and the job is done.

Removes the glazed surface, loosens and fluffs the packed wool to throw out the accumulation.

Eliminates the unnecessary washing and prolongs the life of Pads and Bonnets.

A dependable long life cleaning tool, saves time on every Polishing job.

▲ WARNING

Some dust created by power sanding, sawing, grinding, drilling, and other construction activities contains chemicals known to cause cancer, birth defects or other reproductive harm.

▲ ADVERTENCIA

El polvo generado al lijar, aserrar, afilar, taladrar y realizar otras tareas de construcción contiene sustancias químicas que podrían causar cáncer, malformaciones congénitas y otras alteraciones del aparato reproductor.
