

No. 1232A-1 & 1232A-2 Special Lubricant for Sioux Tools

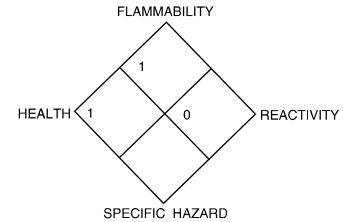

Form No. Z253
Date 4-94

DIRECTIONS

An unusually high quality grease specially prepared for use in Sioux tools requiring grease as recommended in lubrication instructions for each tool.

Sioux special grease is available in the following sizes:

1 1/2 oz. tube	Cat. No. 1232A-02
1 quart can	Cat. No. 1232A-1
1 gallon can	Cat. No. 1232A-2

STORE AWAY FROM HEAT—KEEP AWAY FROM CHILDREN

SIoux 1232A

CAUTION: Content will burn if exposed to ignition source. Avoid contact with strong oxidizers & acids.

HEALTH HAZARD: Product and vapors are irritants to eyes, skin, and respiratory & digestive systems. Prolonged inhalation may be harmful. Repeated or prolonged skin contact may cause dermatitis.

FIRSTAID: EYES—Flush with water—15 minutes.

SKIN—Wash with soap and water.

INHALATION—If dizziness, nausea or respiratory irritation occurs, remove individual to fresh air. If breathing is difficult, administer artificial respiration.

INGESTION—Give 1-2 glasses of milk. **DO NOT INDUCE VOMITING.** In all cases of irritation/discomfort, get medical attention.

PROTECTION & HYGIENE: Protective eye, skin, and respiratory equipment(NIOSH/MSHA TC 23C or equivalent) are recommended. Do not take internally. Do not smoke in the vicinity. Promptly remove contaminated clothing. Wash hands before eating or smoking. Keep area well ventilated.

SPILLS: Wear adequate protection. Eliminate sources of ignition. Ventilate area. Do not allow spill to enter sewer or watercourses. Scoop up spill, then cover area with absorbent. Dispose of waste in accordance with applicable laws.

FIRE FIGHTING: Wear full emergency protective equipment. Extinguish fire with dry chemical, water-fog, chemical foam, or CO2. **CAUTION:** Water may cause frothing.
