

MATERIAL REMOVAL TOOL

ABRASIVE

Remove it and Smooth it

Model ST2L1410

Coarse Belt - 68814

Eraser - 68815

Fine Belt - 68813

The **ST2L1410** is the latest design in material removal tools. This product will remove all types of rust, paint or rubberized gaskets without excessive marring of the under surface. There are three types of belts that can be used with this tool depending on the job at hand. The coarse and fine belts are used for

the removal of paints, rust and over-coated surfaces while the eraser attachment works well on decals, dirt, tar, and grime.

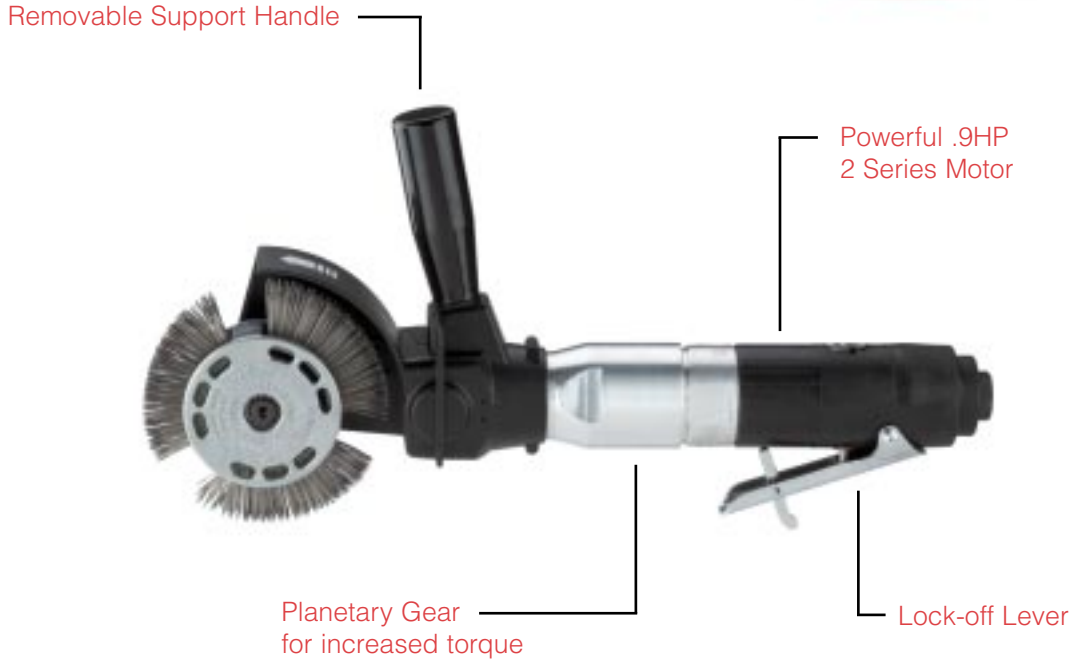

Remove it and smooth it.....anyway you want it!!

MATERIAL REMOVAL TOOL
