

IW50HAP SERIES

We're Making an
Impact on Industry!

ASSEMBLY

The Sioux Tools **IW50HAP Series** is engineered to give you the best of all worlds – outstanding power to weight ratio, high speeds to handle a wide range of applications and ergonomic innovations for operator comfort and safety. These impact tools have the power and the features that make them a valuable asset to almost any general industry application.

Whether you need 100 or 450 ft. lbs. you will find that the **IW50HAP** delivers

the power you need for both speed and accuracy. The thumb operated speed regulator and the push button forward/reverse gives an operator simple, one-hand operation. The light weight composite housing with over molded ergonomic handle grip makes handling these powerful tools truly comfortable. The twin-hammer impact mechanism with oil bath delivers 1140 blows per minute that will do the job for any manufacturing or assembly application.

IW50HAP SERIES
