

MORE *Suction* **LESS** *Dust!*

NEW **Venturi-Vac Sanders –** **NOW OVER 90%** **DUST PICK-UP!**

Now it's **90% EFFECTIVE** at picking up dust – giving it the most suction power compared to others on the market!

This self-contained sander uses exhaust air to suck dust through the sanding pad and into the bag. Eliminating more airborne dust helps make a safer operator environment.

COMFORT & PRODUCTIVITY TOO

- Adjustable grip provides great ergonomics for right or left-handed users.
- Grip rotates through 24 positions in 15 degree increments so it will fit virtually any shape hand and size...small to XL.
- Sioux engineers reduced the amount of force needed to engage the sander, allowing the operator to work for extended periods.
