

YOU'RE READY FOR TAKE OFF!

AIRCRAFT SEALANT REMOVAL KIT!

- **No Messy Chemical Solvents**
- **Healthier, Safer, Faster**
- **Environmentally Friendly**
- **Minimal Effect on Paint, Primer or Metal**

The Sioux Aircraft Angle Drill Kit runs at 800 RPM and is designed for use with the 3M™ SR Cutters.

The 3M™ SR cutters included in the kit are a plastic rotary cutting tool with a 1/4 - 28 threaded steel mandrel. The cutters thread directly into the output spindle on the drills and are ideal for close quarters applications.

KIT INCLUDES:

- A** 1AM1151 800 RPM Aircraft Angle Drill
- B** 65213 45° Angle Head Assembly
- C** 3M™ #3 (.40") SR Cutters
- D** 3M™ #8 (.83") SR Cutters
- E** Carrying Case
